How do I become vested?

Vesting is your ownership in your retirement account balance. You are always 100% vested in your Employee Deferrals, Rollover Contributions and in the associated investment gains. However, money contributed by the Employer may be subject to a vesting schedule.

Unless exclusions apply, service for vesting purposes starts from your original date of hire. For each year that you reach your anniversary date, you will be credited with one Year of Service for vesting purposes. Should you leave the company prior to the required service to be fully vested in your entire account balance, you will be entitled to receive an applicable percentage of the employer's contribution as shown below, plus the entire balance of your deferral contributions, Rollover Account(s) and any Employer Contributions made to a fully vested account (examples include Safe Harbor contributions).

Please review your Summary Plan Description (SPD) to determine if there are vesting exclusions.

Source	Vesting Schedule
Safe Harbor	100% vested immediately
Profit Sharing	20% Per Year

When can money be withdrawn from my account?
